

Clubhouse Kids' Instructions for Our Maryland State Health Forms Packet

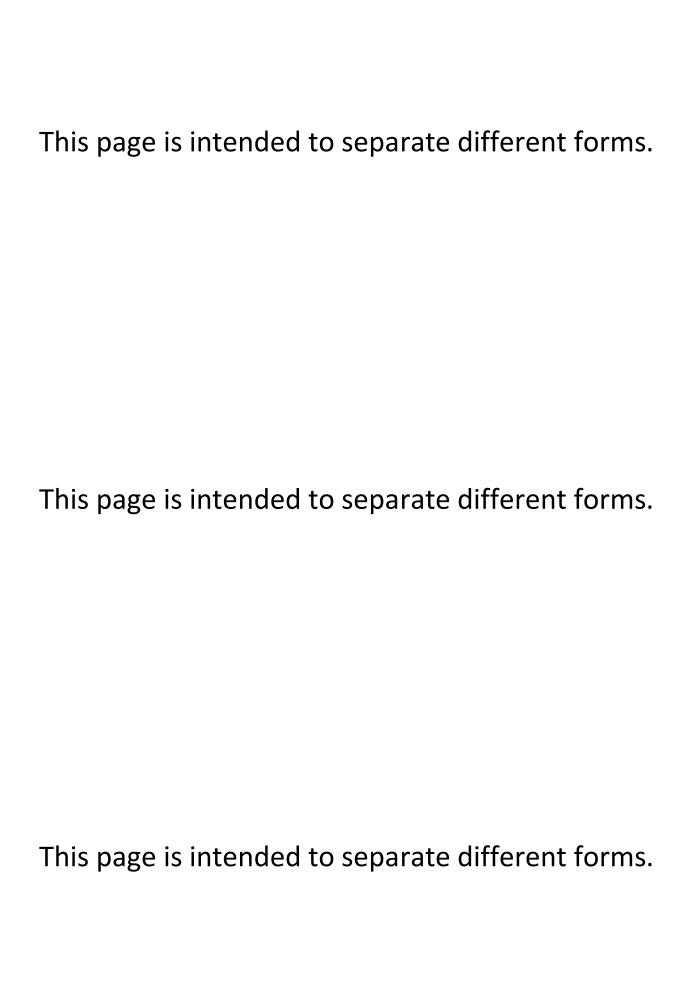

Below is a list and description of several Maryland State Department of Education - Office of Child Care (MSDE-OCC) and Department of Health and Mental Hygiene (DHMH) forms that may be required when enrolling a child in a Maryland licensed child care program. All forms listed are not required for all families. Most forms have an identifying form number in small print at the bottom left of each page, and all are available for download on the "Forms" page of our website at www.ClubhouseKidsOnline.com. Please see below to determine which forms may be necessary for each child. Required forms must be turned in to Clubhouse Kids prior to each child's first day in care each year.

- 1. MSDE-OCC Emergency Form 1214 This form is unique to the child care industry and must be provided prior to attending Clubhouse Kids care for the first time, and must be updated as changes occur, or at least annually. This form is used for contact information in the event of an emergency.
- 2. MSDE-OCC Health Inventory Form 1215 (parts 1 and 2) "Part 1" of this form must be provided prior to attending Clubhouse Kids care for the first time, and then again if any major health changes occur. "Part 2" requires a physician's signature. Although not required for schools, you may have provided a "Part 2" of this form to the school upon school registration. To save time, you may request your child's school nurse to provide a copy of your submitted 1215 form to Clubhouse Kids.
- 3. DHMH Immunization Form 896 This form, or a substitute printed immunization record from a physician, must be provided prior to attending Clubhouse Kids care for the first time, and then again after any immunizations have been updated (typically around ages 5 and 11).
- 4. DHMH Blood Lead Testing Certificate Form 4620 This form is only required for children under the age of 6-years old while in Clubhouse Kids' care.
- 5. MSDE-OCC Medication Administration Authorization Form 1216 This form is only required for children who need to take medication while in Clubhouse Kids' care. This applies to both prescription and over-the-counter medications. The only exception to this is spray-sunscreen, which Clubhouse Kids staff will hold for the child, and can assist the child in applying when needed.
- 6. MSDE-OCC Asthma Action Plan Form 1216A This form is unique to the child care industry, and only required for children who need to take asthma medication while in Clubhouse Kids care. It describes a plan of action that may be enacted for a child when in Clubhouse Kids' care. It also authorizes a child to self-carry/self-administer medication when in Clubhouse Kids' care. It must be accompanied by Form 1216 (described above).
- 7. MSDE-OCC Allergy Medication Administration Authorization Plan Form 1216B This form is unique to the child care industry, and only required for children who have allergies that may require medication administration while in Clubhouse Kids care. It describes a plan of action that may be enacted for a child when the child has ingested a food allergen or been exposed to an allergy trigger when in Clubhouse Kids' care. It must be accompanied by Form 1216 (described above).
- 8. MSDE-OCC A Parent's Guide to Regulated Child Care (Form 1524) This form is required to be signed & dated and returned to Clubhouse Kids only once per family.

Please ignore any forms that are not required for your child/children. Forms may be scanned & emailed to us at info@ClubhouseKidsOnline.com, faxed to us at (301) 685-5120, or turned in to the Director of your center location prior to the child's first day of care. Children whose forms have not been turned in will NOT be able to participate in care. Email us at info@ClubhouseKidsOnline.com or call us at (301) 685-5100 if you have any questions. Thank you.

HEALTH INVENTORY

Information and Instructions for Parents/Guardians

REQUIRED INFORMATION

The following information is required prior to a child attending a Maryland State Department of Education licensed, registered, or approved child care or nursery school:

- A physical examination by a health care provider per COMAR 13A.15.03.04, 13A.16.03.04, 13A.17.03.04, and 13A.18.03.04. A Physical Examination form designated by the Maryland State Department of Education and the Maryland Department of Health shall be used to meet this requirement (See COMAR 13A.15.03.02, 13A.16.03.02, 13A.17.03.02 and 13A.18.03.02).
- Evidence of immunizations. The immunization certification form (MDH 896) or a printed or a computer-generated immunization record form and the required immunizations must be completed before a child may attend. This form can be found at: https://earlychildhood.marylandpublicschools.org/child-care-providers/licensing/licensing-forms
 Select MDH 896.
- Evidence of Blood-Lead Testing for children younger than 6 years old. The blood-lead testing certificate (MDH 4620) or another written document signed by a Health Care Practitioner shall be used to meet this requirement. This form can be found at: https://earlychildhood.marylandpublicschools.org/child-care-providers/licensing/licensing-forms Select MDH 4620.
- Medication Administration Authorization Forms. If the child is receiving any medications or specialized health care services, the parent and health care provider should complete the appropriate Medication Authorization and/or Special Health Care Needs form. These forms can be found at: Select Forms OCC 1216 through OCC 1216D as appropriate. https://earlychildhood.marylandpublicschools.org/child-care-providers/licensing/licensing-forms

EXEMPTIONS

Exemptions from a physical examination, immunizations, and Blood-Lead testing are permitted if the parent has an objection based on their bona fide religious beliefs and practices. The Blood-Lead certificate must be signed by a Health Care Practitioner stating a questionnaire was done.

Children may also be exempted from immunization requirements if a physician, nurse practitioner, or health department official certifies that there is a medical reason for the child not to receive a vaccine.

The health information on this form will be available only to those health and child care providers or child care personnel who have a legitimate care responsibility for the child.

INSTRUCTIONS

Part I of this Physical Examination form must be completed by the child's parent or guardian. Part II must be completed by a physician or nurse practitioner, or a copy of the child's physical examination must be attached to this form.

If the child does not have health care insurance or access to a health care provider, or if the child requires an individualized health care plan, contact the local Health Department. Information on how to contact the local Health Department can be found here: https://health.maryland.gov/Pages/Home.aspx#

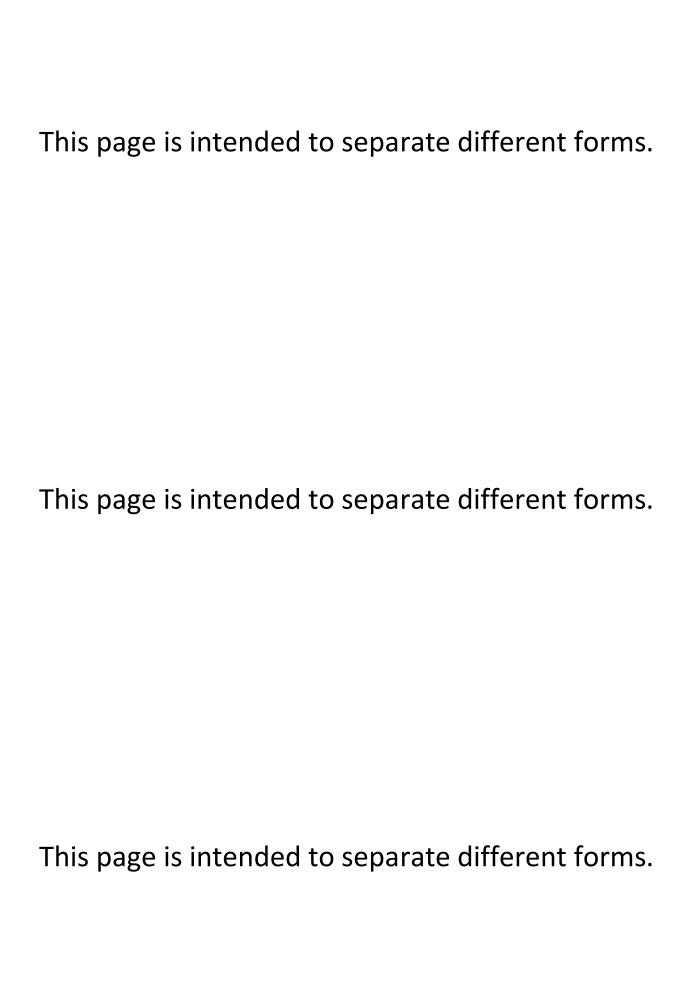

The Child Care Scholarship (CCS) Program provides financial assistance with child care costs to eligible working families in Maryland. Information on how to apply for the Child Care Scholarship Program can be found here: https://earlychildhood.marylandpublicschools.org/child-care-providers/child-care-scholarship-program

MDH Form 896 (Formally DHMH 896) Rev. 5/21

How To Use This Form

The medical provider that gave the vaccinations may record the dates (using month/day/year) directly on this form (check marks are not acceptable) and certify them by signing the signature section. Combination vaccines should be listed individually, by each component of the vaccine. A different medical provider, local health department official, school official, or child care provider may transcribe onto this form and certify vaccination dates from any other record which has the authentication of a medical provider, health department, school, or child care service.

Only a medical provider, local health department official, school official, or child care provider may sign 'Record of Immunization' section of this form. This form may not be altered, changed, or modified in any way.

Notes:

- 1. When immunization records have been lost or destroyed, vaccination dates may be reconstructed for all vaccines except **varicella**, **measles**, **mumps**, **or rubella**.
- 2. Reconstructed dates for all vaccines must be reviewed and approved by a medical provider or local health department no later than 20 calendar days following the date the student was temporarily admitted or retained.
- 3. Blood test results are NOT acceptable evidence of immunity against diphtheria, tetanus, or pertussis (DTP/DTaP/Tdap/DT/Td).
- 4. Blood test verification of immunity is acceptable in lieu of polio, measles, mumps, rubella, hepatitis B, or varicella vaccination dates, but **revaccination may be more expedient**.
- 5. History of disease is NOT acceptable in lieu of any of the required immunizations, except varicella.

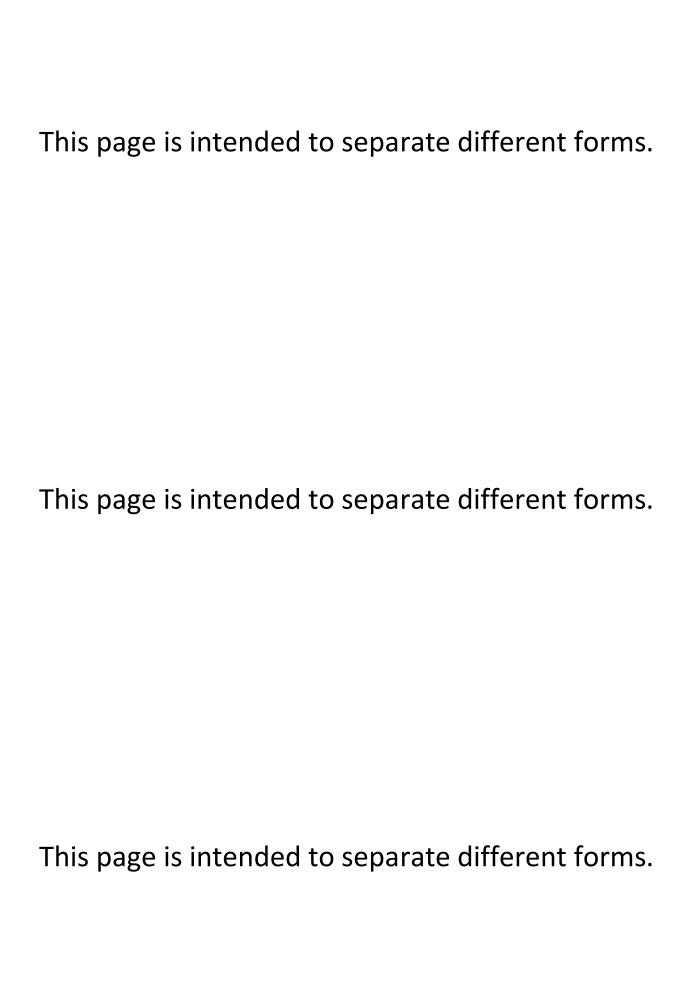

Immunization Requirements

The following excerpt from the MDH Code of Maryland Regulations (COMAR) 10.06.04.03 applies to schools:

- "A preschool or school principal or other person in charge of a preschool or school, public or private, may not knowingly admit a student to or retain a student in a:
- (1) Preschool program unless the student's parent or guardian has furnished evidence of age appropriate immunity against Haemophilus influenzae, type b, and pneumococcal disease;
- (2) Preschool program or kindergarten through the second grade of school unless the student's parent or guardian has furnished evidence of age-appropriate immunity against pertussis; and
- (3) Preschool program or kindergarten through the 12th grade unless the student's parent or guardian has furnished evidence of age-appropriate immunity against: (a) Tetanus; (b) Diphtheria; (c) Poliomyelitis; (d) Measles (rubeola); (e) Mumps; (f) Rubella; (g) Hepatitis B; (h) Varicella; (i) Meningitis; and (j) Tetanus-diphtheria-acellular pertussis acquired through a Tetanus-diphtheria-acellular pertussis (Tdap) vaccine."

Please refer to the "<u>Minimum Vaccine Requirements for Children Enrolled in Pre-school Programs and in Schools</u>" to determine age-appropriate immunity for preschool through grade 12 enrollees. The minimum vaccine requirements and MDH COMAR 10.06.04.03 are available at <u>www.health.maryland.gov</u>. (Choose Immunization in the A-Z Index)

Age-appropriate immunization requirements for licensed childcare centers and family day care homes are based on the Department of Human Resources COMAR 13A.15.03.02 and COMAR 13A.16.03.04 G & H and the "Age-Appropriate Immunizations Requirements for Children Enrolled in Child Care Programs" guideline chart are available at www.health.maryland.gov. (Choose Immunization in the A-Z Index)

MARYLAND DEPARTMENT OF HEALTH BLOOD LEAD TESTING CERTIFICATE

Instructions: Use this form when enrolling a child in child care, pre-kindergarten, kindergarten or first grade. **BOX A** is to be completed by the parent or guardian. **BOX B**, also completed by parent/guardian, is for a child born before January 1, 2015 who does not need a lead test (children must meet all conditions in Box B). **BOX C** should be completed by the health care provider for any child born on or after January 1, 2015, and any child born before January 1, 2015 who does not meet all the conditions in Box B. **BOX D** is for children who are not tested due to religious objection (must be completed by health care provider).

MDH Form 4620 Revised 4/2020 Re	PLACES ALL PREVIOUS	VERSIONS									

HOW TO USE THIS FORM

The documented tests should be the blood lead tests at 12 months and 24 months of age. Two test dates and results are required if the first test was done prior to 24 months of age. If the first test is done after 24 months of age, one test date with result is required. The child's primary health care provider may record the test dates and results directly on this form and certify them by signing or stamping the signature section. A school health professional or designee may transcribe onto this form and certify test dates from any other record that has the authentication of a medical provider, health department, or school. All forms are kept on file with the child's school health record.

Lead Risk Assessment Questionnaire Screening Questions:

- 1. Lives in or regularly visits a house/building built before 1978 with peeling or chipping paint, recent/ongoing renovation or remodeling?
- 2. Ever lived outside the United States or recently arrived from a foreign country?
- 3. Sibling, housemate/playmate being followed or treated for lead poisoning?
- 4. If born before 1/1/2015, lives in a 2004 "at risk" zip code?
- 5. Frequently puts things in his/her mouth such as toys, jewelry, or keys, eats non-food items (pica)?
- 6. Contact with an adult whose job or hobby involves exposure to lead?
- 7. Lives near an active lead smelter, battery recycling plant, other lead-related industry, or road where soil and dust may be contaminated with lead?
- 8. Uses products from other countries such as health remedies, spices, or food, or store or serve food in leaded crystal, pottery or pewter.

MDH FORM 4620 REVISED 4/2020 REPLACES ALL PREVIOUS VERSIONS

Maryland State Department of Education Office of Child Care Medication Administration Authorization Form

This form must be completed fully in order for Child Care Providers/staff to administer the required medication. This authorization is NOT TO EXCEED 1 YEAR.

This form is required for both prescription and non-prescription/over-the-counter (OTC) medications. Prescription medication must be in a container labeled by the pharmacist or prescriber. Non-prescription/OTC medication must be in the original container with the label intact per COMAR.

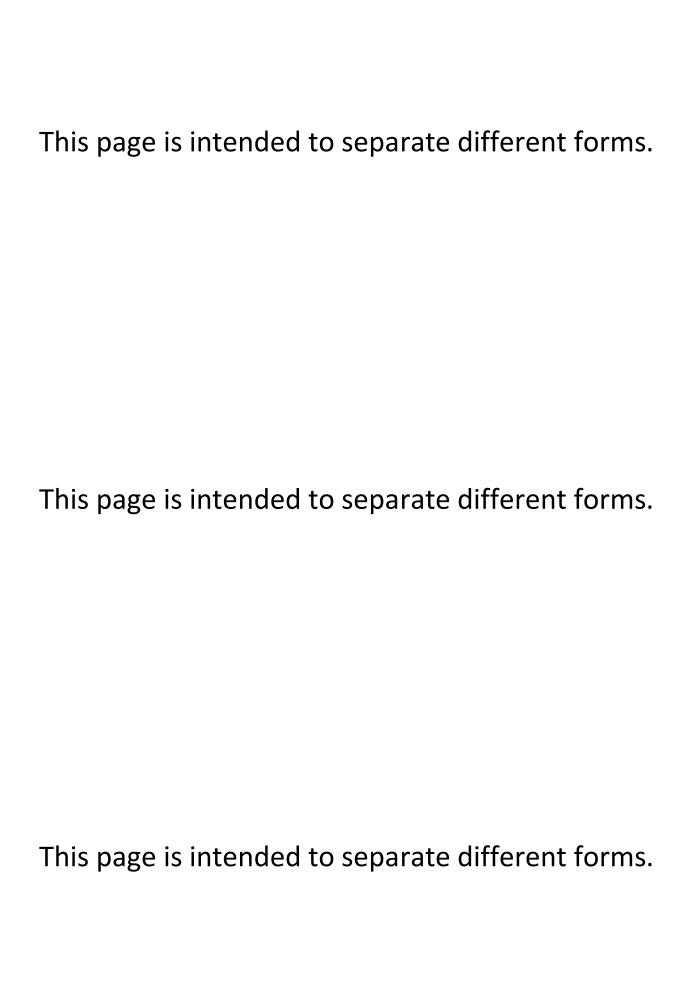

Place Child's Picture Here (optional)

Guide to Regulated Child Care

Important
Information
About Child
Care Facilities

Who Regulates Child Care?

All child care in Maryland is regulated by the Maryland State Department of Education, Office of Child Care's (OCC), Licensing Branch.

The Licensing Branch's thirteen Regional Offices are responsible for all regulatory activities, including:

- Issuing child care licenses and registrations to child care facilities that meet state standards;
- Inspecting child care facilities annually;
- Providing technical assistance to child care providers;
- Investigating complaints against regulated child care facilities;
- Investigating reports of unlicensed (illegal) child care;
 and
- Taking enforcement action when necessary.

COMAR Regulations and other information about the Office of Child Care may be found at:

<u>earlychildhood.marylandpublicschools.org/child-care-</u> providers/office-child-care

What are the types of Child Care Facilities?

Family Child Care – care in a provider's home for up to eight (8) children

Large Family Child Care— care in a provider's home for 9-12 children

Child Care Center - non-residential care

Letter of Compliance (LOC) – care in a child care center operated by a religious organization for children who attend their school

All facilities must meet the following requirements:

- Must obtain the approval of OCC, fire department and local agencies;
- Must have qualified staff who have received criminal background checks, child abuse and neglect clearances, and are not on the sex offender registry;
- Family child care providers must maintain certification in First Aid and CPR;
- Child Care Centers must maintain a ratio of one staff certified in first aid and CPR per every twenty (20) children at all times;
- Must offer a daily program of indoor and outdoor activities;
- Must maintain a file with all required documentation for each enrolled child;
- Must post approved evacuation plans, conduct fire drills and emergency preparedness drills; and
- Must report suspected abuse and neglect, and may not subject children to abuse, neglect, mental injury or injurious treatment.

Did You Know?

- Regulations that govern child care facilities may be found at:
 - <u>earlychildhood.marylandpublicschools.org/regulations</u>
- The provider's license or registration must be posted in a conspicuous place in the facility;
- A child care provider must enter into a written agreement, with a parent, that specifies fees, discipline policy, presence of animals, the use of volunteers, and sleeping arrangements for overnight care;
- Parents/guardians may visit the facility without prior notification any time their children are present;
- Written permission from parents/guardians is required for children to participate in any and all off property activities;
- All child care facilities must make reasonable accommodations for children with special needs;
- A "Teacher" qualified person must be assigned to each group of children in a child care center;
- Staff:child ratios must be maintained at all times in child care centers;
- Parents/guardian must be immediately notified if children are injured or have an accident in care;
- Child care facilities may have policies beyond regulatory requirements;
- OCC should be notified if a provider has violated child care regulations;
- Parents/guardians may review the public portion of a licensing file; and
- The provider's compliance history may be reviewed on <u>CheckCCMD.org</u>.
